

MoveAbout Therapy Services Schedule of Fees from 24 April 2023

Assessment with report: \$872.95

This includes the following:

- One 30-minute caregiver interview plus 60-90 min in-clinic assessment session including, observation, standardised assessment and/or non-standardised assessments.
- A summary report outlining findings, assessment scores and recommendations.

Initial Consultation: \$484.97

The initial consultation is available when a client has a current OT assessment report (less than 12 months old) that has been completed at another agency and is provided to MoveAbout to support treatment planning.

The initial consultation consists of the following:

- One 30-minute caregiver interview plus 60-90 minute in-clinic assessment session including observation, standardised assessment and/or non-standardised assessments
- Bullet point summary of findings.

Caregiver Meeting (post assessment): \$193.99

Upon commencing a treatment program at MoveAbout, a caregiver meeting is recommended as the first therapy session. This session is designed to provide an explanation of findings, identify goals, establish treatment plans and provide home-based intervention strategies.

Direct Treatment Occupational Therapy: \$226.32.

Therapy at MoveAbout mostly occurs onsite at the MoveAbout Therapy Clinic. Duration and frequency will be decided after the initial appointment and during the caregiver meeting. The fee includes 50 minutes of direct treatment (\$161.66) and 20 minutes of non-face-to-face service (\$64.66) including session planning, set up/pack away, treatment notes, goal setting and review, emails and phone calls. This fee includes Teletherapy and caregiver sessions once therapy has commenced.

Monthly Consultations: \$226.32.

Consult sessions are treatment sessions where the family comes in less regularly than weekly and where focus is directed towards education and consultation, i.e, problem solving and developing strategies for outside of the clinic setting. Monthly consults may include a combination of in-clinic sessions and online caregiver meetings. Breakdown of the session fee is as above for direct treatment.

Offsite Consultation rate:

Although most therapy is provided at the MoveAbout clinic, a school or home consultation can be provided as needed to complement clinic-based therapy.

Offsite Session/ observation:

- 90-Minutes (including 60-minute observation and 30-minute discussion with educator/caregiver): **\$290.98** (report not included).
- Report following observation (compulsory for first visit): **\$193.99**
- 30-minute follow up conversation via phone or Zoom (if required): **\$96.99.**
- 60-minute follow up conversation via phone or Zoom (if required): **\$193.99**

NDIS Progress Letter options and other letter requests:

- **Fee: \$48.50 Vineland Adaptive Behaviour Scale.** - PDF copy of online questionnaire only (5 days' notice required).
- **Fee: \$193.99 NDIS Letter:** This letter will note progress toward goals and therapy recommendations for the next 12 months. Will include Vineland Adaptive Behaviour Scale (2 weeks' notice required).
- **Fee \$48.50 per 15 minutes:** Charged at 15 minute increments depending on time taken. Includes school letters, NDIS resource recommendations, Out-Of-Home-Care agency letters and requests to complete government forms such as Carer Allowance and Carer Payment applications.
